

Rick Howard And The Speedbumps play "Rockabilly and Roll" music. The Speedbumps might be the most authentic 50's Rock and Roll you can hear and see in SW Fl.

This is not Doo-Wop, "In The Still Of The Night" stuff.....This is the raw, high energy Guitar, Dog House Bass and Drum sounds of Early Elvis, Gene Vincent, Eddie Cochran, Carl Perkins and other artists that came out of Memphis in the 50's.... The music Brian Setzer and The Stray Cats brought back in the late 80's.

The Speedbumps go a little broader, adding early R&R classics from Chuck Berry, Bill Haley, Little Richard, our own versions of Blues standards....even some guitar driven Twang "Surf" stuff. And some original material also. The musicianship of guitarist/vocalist Rick Howard, the onstage Bass gymnastics of Mike Ash and the raw energy of Bill E. Peterson on drums will ensure a night of Rock and Roll you won't forget!
